<b>Special features</b>	for bass drum, AMPs, Cajon, etc.; space saving flat foot construction; elastic rubber feet absorb the impact sound
<b>Threaded connector</b>	3/8"
<b>Type</b>	black
<b>Weight</b>	2.4 kg

Compact, space-saving microphone stand for bass drums, AMPs, Cajons, etc. The flat, stable stand slides for example under a bass drum, an AMP or Cajon and is a good choice wherever a tripod stand might be too bulky. Thanks to the easy height adjustment and the extendable boom arm, the microphone can be adjusted individually and precisely. Four elastic rubber feet absorb impact sound and reduce unwanted transmission noise.
