Product Category	Topline
Rod combination	2-piece folding design
Special features	speaker will be fixed with flange adapter; mounting aid included
Tube end(s)	diameter 35 mm
Type	black
Weight	12.85 kg

This speaker stand with a flange at base plate is stable and compact and does not take up much space. The robust tube combination can be extended to 1.81 m and can support loudspeakers up to 20 kg. The spring-loaded bolt with locking screw provides for comfortable and safe height adjustment. The inconspicuous flange at steel plate provides sufficient stability. Additional useful features include a practical integrated handle, a cable management and four stable feet covered in felt. With the included wrench, the tube combination can be setup to individual specifications.
